Math 54 Linear Algebra and Differential Equations
    Instructor: Dan-Virgil Voiculescu
     155 Dwinelle MWF 10 - 11

Office: 783 Evans Office hours: M 1:15 - 2:00 , W 1:15 - 2:15

Midterm I   F   February 21
Midterm II   F   April 4
Final   Tu May 13   3 - 6 pm

Grades: all grades will be computed using a scale
     of 0 - 20 points . The correspondence with
     letter grades is:
     A+ [19,20] , A [17,19) , A- [16,17)
     B+ [15,16) , B [13,15) , B- [12,13)
     C+ [11,12) , C [9,11) , C- [8,9)   etc.

Grade in Course = 15% Homework + 20%Midterm I + 20%Midterm II + 45%Final
No Make-ups for Midterm and Final Exams. Without having taken at least one
midterm no passing grade. Having taken both Midterms the grade will be computed
using the above formula .

No Midterm I then
Grade in Course = 15%Homework + 40% Midterm II + 45% Final

No Midterm II then
Grade in Course = 15%Homework+ 30%Midterm I+ 55%Final

Text: Linear Algebra and Differential Equations
     2nd custom edition for UC Berkeley
     publisher: Pearson, ISBN 1256737755
     [the book consists of part of a book by Lay for linear algebra
      and part of a book by Nagle, Saff & Snider for differential equations]
